Product Overview

High-Density Industrial Sealing Solution

The MT1 high-density asbestos sheet is engineered for demanding industrial and automotive applications. It offers superior thermal resistance and reliable sealing properties, making it an ideal choice for gaskets and heat shields. This durable material is designed to perform consistently in high-temperature environments where reliability is critical.

Technical Specifications

Material Grade	MT1
Thickness	0.5 mm
Color	Black
Key Features	High Density, Thermal Resistance, Superior Sealing, Heat Shield Compatible

Compliance & Safety

Safety Compliance

Please note that this product contains asbestos. It requires careful handling, storage, and disposal in strict accordance with all applicable local and international safety regulations regarding asbestos materials.
