

High-Intensity LED Flood Light

This LED flood light provides high-intensity illumination with a daylight 6500K color temperature. The light is rated for an ambient temperature (ta) of 40°C and has an IP65 rating for water and dust resistance.

Product Overview

High-Intensity Illumination

This high-intensity LED flood light is engineered to deliver powerful illumination with a crisp 6500K daylight color temperature. Designed for durability and performance, it features a robust tempered glass construction and an IP65 rating, ensuring reliable operation in various outdoor environments. It is an efficient lighting solution for demanding professional applications.

Electrical Specifications

Rated Power	100 W
Input Voltage	AC220-240V
Frequency	50/60Hz
Rated Current	0.48 A
Power Factor	0.9

Performance & Environment

Ingress Protection	IP65
Color Temperature	6500K (Daylight)
Max Ambient Temperature	40 °C

Construction & Compliance

Lens Material	Tempered Glass
Certifications	CE
Country of Origin	China
