Product Overview

High-Intensity LED Work Light

This high-intensity LED work light is engineered for robust performance in demanding industrial and outdoor environments. Featuring 15 high-output LEDs, it delivers a powerful 4,200 lumens of brightness while maintaining low power consumption. With a durable housing and an IP69K waterproof rating, it is an ideal lighting solution for construction equipment, off-road vehicles, and marine applications.

Technical Specifications

Power Output

45 W

Total Power

4200 lm

Brightness

Voltage

DC10-30V

Color Temperature

6000 K

Beam Pattern

Wide Flood

Durability & Warranty

Waterproof Rating

IP69K

Warranty

2 Years

Product Details

Model Number

EA9840R-15A

LED Configuration

3W x 15 LEDs
