

High Leverage Bolt Cutter with Ergonomic Grips

This bolt cutter features hardened steel jaws, ideal for cutting bolts, rods, and chain. Comfortable grips reduce hand fatigue and increase cutting power.

Overview

High-Performance Cutting Solution

This high-leverage bolt cutter is engineered for demanding cutting tasks, including bolts, rods, rivets, and chains. Designed with professional-grade hardened steel jaws, it ensures durability and long-lasting sharpness. The ergonomic grip system is specifically crafted to minimize hand fatigue during extended use while maximizing leverage for clean, efficient cuts.

Technical Specifications

Mechanism Features

- High leverage design
- Adjustable blade mechanism
- Ergonomic handle grips

Construction Material	Hardened Steel
Suitable Applications	Bolts, Rods, Rivets, Chain

Usage & Comfort

Target User

Professional • DIY

Ergonomic Design	Yes
