

# High-Performance Air Spray Gun

This air spray gun is designed for a variety of coating applications. It features adjustable spray pattern and gravity feed system for efficient material usage and provides consistent atomization for a smooth, even finish.

## Product Overview

### Professional Air Spray Gun

This high-performance air spray gun is designed for precision coating applications in automotive refinishing, woodworking, and general painting projects. Featuring a durable metal construction, it provides consistent atomization for a smooth, even finish. The system includes a large capacity 1000ml paint cup, ensuring extended operation and efficient material usage.

## Technical Specifications

### Air Consumption

**5 cfm**

Min Air Consumption

**7 cfm**

Max Air Consumption

### Operating Pressure

**3.5 bar**

Min Pressure

**5 bar**

Max Pressure

Standard Nozzle	1.7 mm
Feed Type	Suction
Paint Capacity	1000 ml

## Performance

Pattern Width	160-240mm
