

High-Performance Coating Spray Gun

This high-performance spray gun is designed for a variety of coating applications. It features durable construction, an adjustable spray pattern, and a gravity-feed cup for efficient material delivery.

Product Overview

Professional Coating Solution

This high-performance spray gun is engineered for precision and versatility across automotive, industrial, and woodworking sectors. It features a durable, long-lasting construction combined with an adjustable spray pattern for maximum control. The integrated gravity-feed cup ensures efficient material delivery, providing consistent, even coverage for professional-grade project results.

Key Features

Primary Advantages

- Adjustable spray pattern technology
- Durable construction for intensive use
- Efficient gravity-feed delivery system
- Consistent and even coating application

Applications

Industry Suitability

Automotive, Industrial, Woodworking
