

# High-Performance Gasoline Engine

This high-performance gasoline engine is designed for various applications. It features durable construction and efficient combustion for reliable power output.

## Product Overview

### High-Performance Gasoline Engine

This high-performance gasoline engine is engineered for reliability and efficient power output across a variety of applications. Featuring a durable construction, it is designed to handle demanding tasks while maintaining consistent performance. The unit includes integrated safety features such as a circuit protector and an intuitive engine switch, ensuring safe and straightforward operation for professional users.

## Technical Specifications

Engine Series	15-series
Fuel Type	Gasoline

## Features

### Suitable Applications

- Motorcycles
- Power Equipment

Safety Features	Circuit Protector, Engine Switch
