

High-Performance Intercooler for Enhanced Engine Cooling

This high-performance intercooler enhances engine efficiency by cooling the intake air charge. It features a robust core construction for optimal heat dissipation and reduced air pressure drop.

Product Overview

High-Performance Thermal Management

This high-performance intercooler is engineered to significantly enhance engine efficiency by effectively cooling the intake air charge. Designed for durability and optimal heat dissipation, it helps reduce intake air temperatures, which contributes to improved horsepower and torque. Its robust construction ensures long-lasting performance and reliable thermal management for automotive applications.

Compatibility & Fitment

Vehicle Model	VOLVO XC40
Model Year	2019
OEM Reference	31439780
Cross Reference Numbers	NISSENS 56233

Technical Specifications

Core Dimensions

619 mm
Core Length

147 mm
Core Height

Water Tank Dimensions

91.5/91.5*153 mm
