Product Overview

High-Performance Turbo Intercooler

This high-performance intercooler is engineered to enhance engine efficiency by significantly cooling the intake air charge. Designed for specific turbocharged applications, it features a robust core construction that ensures optimal heat transfer and a reduced pressure drop. Its durable design provides reliable performance under high boost conditions, making it an ideal upgrade for improved horsepower and engine longevity.

Compatibility & Fitment

Compatible Vehicles	Ford Escape, üN 2.04 Turbo
Model Years	2013-2015

Technical Specifications

Core Dimensions	657mm x 157mm
Water Tank Dimensions	79/79mm x 161mm

Identification

Cross Reference Numbers

- NISSENS 56158

OEM Reference	CV6Z-6K775-A
