Product Overview

High-Performance Illumination

This high-power LED flood light is engineered for large-scale outdoor environments such as stadiums, docks, and airports. Featuring a lightweight, compact design with low wind resistance, it offers versatile installation options with built-in or external power supplies. Rigorously tested for durability, this solution ensures reliable performance and safety in demanding conditions.

Technical Specifications

Ingress Protection

IP66

Key Features

- Intelligent dimming
- Adjustable beam angle
- Integrated heat sink
- Easy external wiring
- Hoists included for installation

Power Output

500W - 2000W

Quality Assurance Tests

Smoke Test, Water Test, Packaging Vibration Test

Applications

Ideal Applications

- Stadiums
- Docks
- Airports
- Parking Lots
- Security Lighting
