

# High-Power LED Flood Light

This high-power LED flood light is designed for efficient and reliable outdoor lighting. It operates on AC220-240V at 50/60Hz and emits a daylight color temperature of 6500K.

## Product Overview

### High-Performance Outdoor Lighting

This high-power LED flood light is engineered for reliable and efficient outdoor illumination. Designed for durability, it features a robust construction with tempered glass, ensuring resilience in various environments. With an IP65 weather resistance rating, it provides consistent performance, making it an ideal choice for professional-grade lighting applications.

## Technical Specifications

### Rated Power

**150 W**

Power Consumption

Input Voltage	220-240V AC
Frequency	50 Hz
Rated Current	0.72 A
Power Factor	0.9

## Performance & Environment

### IP Rating

IP65

Color Temperature	6500K (Daylight)
Max Ambient Temperature	40 °C

## Construction

### Materials

- Tempered Glass

## Compliance

Certifications	CE
