Product Overview

High-Pressure Floor Pump

This high-pressure floor pump is engineered for efficiency and durability, featuring a robust steel cylinder and base for stability during use. Designed for versatility, it is compatible with both Presta and Schrader valves, making it suitable for road bikes, mountain bikes, and other inflatables. The integrated pressure gauge ensures accurate tire inflation, while the ergonomic handle provides comfort during operation.

Technical Specifications

Total Weight	640 g
Cylinder Length	50 cm

Materials & Construction

Material Composition

Component	Material
Cylinder & Base	Steel
Handle & Top Cap	Polypropylene/Polyethylene
Hose	TPU
Gasket	Rubber
Nozzle	POM

Features

Key Features

- Integrated pressure gauge for accurate inflation
- Durable steel construction
- Ergonomic handle for comfortable use
- Stable base design

Valve Compatibility

Presta Valve, Schrader Valve
