

High-Pressure Cleaning Machine with Adjustable Nozzle

This high-pressure cleaning machine is designed for various cleaning applications. It features a hose reel for convenient storage and a spray gun with an adjustable nozzle for targeted cleaning.

Product Overview

High-Performance Cleaning Solution

This high-pressure cleaning machine is engineered for versatility and reliability across a wide range of professional and residential cleaning applications. It features an integrated hose reel for efficient storage and a precision spray gun with an adjustable nozzle, allowing users to tailor the pressure for targeted cleaning tasks. Equipped with an onboard pressure gauge and essential safety mechanisms, this unit ensures consistent performance and operational security for demanding environments.

Key Features

Core Features

- Adjustable nozzle for targeted cleaning
- Integrated hose reel for convenient storage
- Built-in pressure gauge for monitoring
- Enhanced safety features

Suitable For

Professional Use, Home Use
