

High Pressure Cleaning Tool

This high-pressure cleaning tool is designed for various cleaning applications. It features a durable construction and delivers powerful water pressure for effective cleaning of surfaces.

Product Overview

High-Performance Cleaning Solution

This high-pressure cleaning tool is engineered for versatile cleaning applications, offering powerful performance suitable for both domestic and commercial environments. With a durable construction and adjustable nozzle settings, it provides effective cleaning across various surfaces. Its compact and portable design ensures easy storage and maneuverability, making it a reliable choice for professional maintenance tasks.

Performance Metrics

Key Performance Indicators

135 bar

Max Pressure

1900 W

Max Power

6.5 L/min

Max Flow Rate

Technical Specifications

Available Power Ratings

- 1500
- 1900

Motor Type	String-excited motor
Pressure Range	70 - 135 bar
Flow Rate	6 - 6.5 L/min
Voltage & Frequency	100-127V / 220-240V, 50/60 Hz AC

Physical Attributes

Packing Dimensions

Model Variant	Dimensions (cm)
Standard	45.5 x 26.0 x 26.0
High-Spec	45.5 x 26.5 x 26.5

Weight	5.5 - 6.5 kg
