

High-Pressure Power Sprayer

This high-pressure power sprayer is designed for various applications. It features a robust construction with a stainless steel pressure tank, adjustable pressure regulator, and multiple outlet valves.

Overview

High-Performance Power Sprayer

This robust high-pressure power sprayer is engineered for demanding agricultural, industrial, and cleaning applications. Featuring a durable construction with a stainless steel pressure tank and brass components, it delivers consistent high-pressure performance. The unit is designed for stability and ease of use, making it an essential tool for professional spraying tasks.

Technical Specifications

Performance Metrics

40 kgs

Max Pressure

20 L/min

Max Flow Rate

1200 rpm

Max Speed

Plunger Configuration

3 Plungers, 22mm Diameter, 16mm Stroke

Compatible Motor Power

4 - 5.5 HP

Physical Characteristics

Weight

7.9 kgs

Features

Key Features

Stainless Steel Tank, Adjustable Pressure Regulator, Pressure Gauge Included, Multiple Outlet Valves, Stable Base Mount
