Overview

Professional Cleaning Power

This high-pressure washer is engineered for heavy-duty cleaning tasks across agricultural, industrial, and commercial environments. Built with a robust engine and a heavy-gauge steel frame, it delivers consistent performance for demanding applications like metal rust removal, building cleaning, and urban sanitation. The unit features large pneumatic tires for easy maneuverability and brass-fitted pumps designed for long-term corrosion resistance.

Performance & Build

Power Source	Gasoline Engine
Frame Material	Heavy-gauge steel
Mobility	Pneumatic Tires, Durable Frame, Easy Maneuverability
Pump Features	Brass Fittings, Corrosion Resistant

Applications

Recommended Applications

- Car washing
- Agricultural cleaning
- Root carving
- Metal rust removal
- Peeling bark
- Urban sanitation
- Building cleaning

Safety & Accessories

Safety Features

Safety shut-off valve

Included Accessories

- Detergent tank
- High-pressure hose
- Adjustable nozzle
- Various nozzle attachments
