

High-Pressure Steam Cleaner

This steam cleaner is designed for a variety of cleaning tasks. It operates on 220V-240V at 50Hz and delivers a steam pressure of 3Bar.

Product Overview

Professional High-Pressure Steam Cleaner

The SLS-588 is a high-performance steam cleaner engineered for demanding cleaning applications. Designed for reliability and efficiency, it features a 3-liter pressure kettle and sustained high-temperature operation to tackle tough residues. With a continuous working time of 2 hours, it is built to support extended professional usage across various industrial and commercial environments.

Technical Specifications

Power Rating	1700 W
Voltage/Frequency	220V-240V 50Hz
Safety Fuser Temperature	227 °C

Performance Metrics

Key Performance Metrics

3 Bar Steam Pressure	160 °C Operating Temperature	2 hours Continuous Run Time

Capacity and Design

Kettle Capacity

- Total Capacity: 3L
- Maximum Working Capacity: 2.5L

Cable and Hose Lengths

- Steam Hose: 4m
- Power Cord: 3m

Logistics and Packaging

Container Load Capacity

Container Type	Quantity (PCS)
20' Container	640
40' Container	1280
40' HQ Container	1500
