

High Pressure Surface Cleaner

This high-pressure cleaner is designed for efficient and effective cleaning of various surfaces. It features adjustable pressure settings and a detergent tank for applying cleaning solutions.

Product Overview

High-Efficiency Surface Cleaning

This high-pressure surface cleaner is engineered for versatile and effective outdoor maintenance. Featuring a robust motor and adjustable pressure settings, it is ideal for cleaning patios, decks, and vehicles. Its compact design includes wheels for easy maneuverability and an integrated detergent tank for deep cleaning tasks.

Technical Performance

Key Performance Metrics

1500 W

Max Power

105 bar

Max Pressure

6 L/min

Max Flow Rate

| | |
|--------------------|----------------------|
| Motor Type | String-excited motor |
| Operating Pressure | 55 - 70 bar |

Physical Specifications

Dimensions & Weight

| Attribute | Value |
|--------------|-----------------------|
| Weight | 5.5 kg - 6.5 kg |
| Packing Size | 45.5 x 26.0 x 26.5 cm |

Electrical Requirements

| | |
|---------------------|--------------------------------|
| Voltage & Frequency | 100-127V, 220-240V, 50/60Hz AC |
|---------------------|--------------------------------|
