

High-Pressure Washer Spray Gun with Extension Wand

This high-pressure washer spray gun features a durable construction and an ergonomic design for comfortable use. It includes an extension wand for extended reach and improved cleaning performance.

Product Overview

Professional Cleaning Performance

This high-pressure washer spray gun is engineered for durability and ergonomic comfort, making it an essential tool for demanding cleaning tasks. It features an integrated extension wand that provides extended reach, ensuring you can clean hard-to-access areas with ease. Designed for compatibility with standard high-pressure washer systems, this unit balances efficient water usage with powerful cleaning action for vehicles, patios, and outdoor surfaces.
