

High-Speed Needle-Feed Lockstitch Sewing Machine with Auto Trimmer

This high-speed, single-needle lockstitch sewing machine features automatic thread trimming. The machine's needle bar frame is sealed for improved durability and reliability.

Overview

High-Performance Needle-Feed Lockstitch Machine

This high-speed, single-needle lockstitch machine is engineered for superior precision and reliability. Featuring a specialized needle-feed mechanism alongside traditional feed dogs, it ensures perfectly synchronized material movement to eliminate puckering and uneven stitching. With integrated automation for thread trimming, presser foot lifting, and back-tacking, it is an ideal solution for high-volume production of shirts, sportswear, workwear, and home textiles.
