Overview

High-Performance PTZ Surveillance

This high-speed PTZ camera features an integrated infrared system, eliminating exposed lines for a clean, durable installation. Designed for demanding security environments, it offers precise 360-degree horizontal rotation and versatile vertical tilt, ensuring comprehensive coverage. With IP66 weatherproofing and advanced linkage control capabilities, it is a robust solution for both indoor and outdoor surveillance needs.

Performance Metrics

Rotation Speed

100 °/s

Max Pan Speed

100 °/s

Max Tilt Speed

Rotation Range

- 360° horizontal continuous rotation
- -90° to +40° vertical rotation

Preset Accuracy

0.2 °

Infrared & Night Vision

Compatible Illumination

LED Infrared Lamps • White Lamps

IR Illumination Range

150M, 250M

Technical Specifications

Power Input

- AC24V
- DC24V

Protection Class

IP66

Standby Power Consumption

15 W

Control & Integration

Control Signal

485 two-way transmission

Supported Linkages

Radar, Intelligent Video Analysis
