

High-Speed Steel Circular Saw Blade

This high-speed steel circular saw blade is suitable for cutting various materials. It has precision-ground teeth for smooth, efficient cutting.

Product Overview

Precision Cutting Performance

This high-speed steel (HSS) circular saw blade is engineered for consistent, high-performance cutting across a variety of industrial materials. Featuring precision-ground teeth, it ensures smooth operation and efficient material removal, minimizing waste and improving cycle times. Its robust construction makes it an ideal choice for demanding workshop environments requiring reliability and accuracy.

Technical Specifications

Diameter	150 mm
Thickness	4 mm
Bore Diameter	32 mm
Material	High-Speed Steel (HSS)

Performance Features

Key Features	Precision-ground teeth, High-speed steel, Smooth cutting, Industrial grade
