

High Speed Steel Drill Bit Set

This high-speed steel drill bit set is suitable for drilling into various materials, including metal, wood, and plastic. Its twisted flute design ensures efficient chip removal and reduced heat buildup.

Overview

High Speed Steel Drill Bit Set

These High Speed Steel (HSS) drill bits are engineered for precision performance across a variety of materials, including metal, wood, and plastic. Featuring a specialized twisted flute design, they ensure efficient chip removal and minimized heat buildup during operation. The inclusion of a gold oxide coating enhances wear resistance and lubricity, significantly extending the tool's lifespan for both professional and DIY applications.

Technical Specifications

Surface Coating

Gold Oxide

Design Features

- Twisted flute design for efficient chip removal
- Reduced heat buildup geometry
- Hexagonal shank for secure gripping

Material	High Speed Steel (HSS)
Shank Style	Hexagonal
Compatible Materials	Metal, Wood, Plastic
