Product Overview

Professional High-Speed Steel Drill Bit Set

This high-speed steel drill bit set is engineered for precision and durability across a wide range of materials including metal, wood, and plastic. Featuring a variety of HSS grades and manufacturing processes like full ground and roll forged, these bits are designed to meet DIN standards for professional applications. The precision-engineered flutes ensure efficient chip removal and accurate hole creation for both industrial and DIY projects.

Material Specifications

HSS Material Grades

HSS M42, HSS M35, W18, 4341, 4241

Technical Standards

Manufacturing Standards

DIN338 • DIN340

Production Process

- Full Ground
- Roll Forged

Sizing & Dimensions

Diameter Range

0.5 mm

Minimum Size

20 mm

Maximum Size

Application

Compatible Materials

- Metal
- Wood
- Plastic

Performance Features

Key Performance Features

- Precision-engineered flutes
- Efficient chip removal
- Accurate hole creation
- Enhanced durability with optional coatings

Flute Design

Twisted flute design for optimized debris extraction
