Product Overview

High-Performance Bimetal Power Saw Blades

These professional-grade power saw blades are engineered for precision and durability in demanding cutting applications. Constructed with a bimetal design featuring HSS teeth, they offer uniform hardness and exceptional wear resistance. Suitable for cutting a wide variety of materials, these blades ensure stable quality and sharpness for industrial factory use.

Technical Specifications

Size Range

- 12" - 30"
- 300mm - 750mm

Item Number	H555
Material	Bimetal with HSS tooth
Tooth Options	4T, 6T, 10T

Logistics & Presentation

Customization

Custom Color Available • OEM Branding Available

Packaging	10pcs per plastic box, 100pcs per carton
Surface Finish	Paint with printing
