Product Overview

High-Speed Steel Twist Drill Bits

These professional-grade High-Speed Steel (HSS) twist drill bits are engineered for efficient metal drilling applications. Manufactured to the DIN338 standard, they offer reliable performance and durability. Available in a wide range of materials including Cobalt 5% and various HSS grades, these bits are designed to withstand demanding industrial use.

Technical Specifications

Surface Finish

Bright • Black • Tin • Amber

Standard

DIN338

Material Composition

Cobalt 5%, HSS M2, HSS 4341, HSS 4241

Dimension Range

0.5mm - 25mm

Logistics & Supply

Monthly Supply Capacity

1000000 pcs

Monthly Supply

Minimum Order Quantity

1000 pcs

Production Lead Time

30 days after deposit

Packaging Options

Available Packaging

Package Type	Details
PVC Bag	Single piece or 5pcs/10pcs
Blister Card	Single piece (1-4mm can be 2pcs)
Plastic Tube	10pcs (under 8mm) or 5pcs (up 8mm)
