Product Overview

High-Strength Polyethylene Rope

This high-strength polyethylene rope is engineered for demanding environments, offering exceptional durability and resistance to abrasion, water, and chemicals. Its tightly woven construction ensures enhanced load-bearing capacity, making it a reliable choice for marine, industrial, and general-purpose applications. Designed for longevity, it features UV protection for extended outdoor use and provides excellent knot retention with low stretch.

Physical Properties

Knot Retention	Excellent
Stretch	Low
Available Colors	Blue, Green, Red, Yellow, Orange, Pink

Durability & Resistance

Resistance Features

UV Resistant • Abrasion Resistant • Water Resistant • Chemical Resistant

Applications

Primary Applications

- Marine
- Industrial
- Construction
- General-purpose
