

High-Velocity Floor Fan

This high-velocity floor fan is designed for powerful air circulation. It features durable metal construction with a chrome finish, a 3-blade design, and a tilt-adjustable head.

Product Overview

High-Velocity Air Circulation

This high-velocity floor fan is engineered for powerful air movement and efficient circulation in demanding environments. Constructed with durable metal and a sleek chrome finish, it combines industrial-grade reliability with versatile performance. The tilt-adjustable head and 3-blade design ensure precise directional cooling, making it an ideal solution for industrial, commercial, and residential spaces.
