

High-Velocity Floor Fan with Adjustable Speed

This high-velocity floor fan is designed for powerful air circulation. It features a durable metal construction, a circular fan guard, a sturdy base, and a control knob for adjusting the fan speed.

Product Overview

High-Velocity Air Circulation Solution

This high-velocity floor fan is engineered to provide superior air movement for demanding environments. Constructed with durable metal, it ensures long-term reliability and robustness in heavy-duty workspaces. The adjustable speed control allows users to tailor airflow to specific cooling or ventilation requirements, making it an essential tool for workshops, garages, and industrial spaces.

Technical Specifications

Material	Durable Metal
Safety Features	Circular Fan Guard, Stable Base
Control Method	Manual Control Knob

Applications

Recommended Use

- Garages
- Workshops
- Enhanced Ventilation Areas
