

High-Visibility Reflective Safety Vest

This high-visibility safety vest enhances visibility in low-light conditions. It is constructed from durable, fluorescent yellow fabric with reflective stripes and features a front zipper closure and adjustable side straps for a secure and comfortable fit.

Product Overview

Professional Visibility Solution

This high-visibility safety vest is engineered to enhance worker safety in demanding low-light conditions. Crafted from durable, fluorescent yellow knitted fabric, it ensures maximum conspicuity for professionals in construction, traffic control, and road work. The design features integrated high-reflective tape and a secure Velcro closure system to maintain comfort and reliability throughout a full shift.
