

High Visibility Reflective Workwear Set

This high-visibility workwear set includes a long-sleeved shirt and pants. Reflective stripes on the chest, arms, shoulders, and lower legs enhance visibility in low-light conditions.

Product Overview

Professional High Visibility Workwear Set

This high visibility workwear set, comprising a shirt and matching pants, is engineered for safety and durability in demanding work environments. Constructed from 100% cotton, the fabric offers a balance of comfort and resilience for daily professional use. With integrated 5cm reflective tape, this set ensures enhanced visibility in low-light or hazardous conditions, making it an essential choice for construction and road crews.
