

High-Visibility Safety Vest

This high-visibility safety vest enhances visibility in low-light conditions. It is constructed with fluorescent yellow fabric and reflective strips and features a lightweight, breathable mesh design with adjustable straps.

Product Overview

High-Visibility Professional Safety Vest

This high-visibility safety vest is engineered to provide maximum visibility in low-light and hazardous working environments. Constructed from breathable mesh fabric with a vibrant fluorescent finish, it ensures comfort during extended shifts. The vest features integrated reflective strips to enhance safety for personnel in construction, traffic control, and roadside assistance sectors.
