

High-Visibility Vented Safety Helmet

This high-visibility orange safety helmet is designed for construction and industrial environments. It features ventilation slots for enhanced breathability and an adjustable chin strap for a secure fit.

Product Overview

Industrial High-Visibility Safety Helmet

This high-visibility industrial safety helmet is engineered for durability and worker comfort in demanding environments. Featuring a robust ABS plastic construction and a four-point double-layer lining, it offers reliable impact protection. The integrated vent-holes and adjustable headband ensure long-term wearability and breathability throughout the workday.
