

High Voltage IP68 LED Strip Light

This is a high-voltage LED strip light with an IP68 rating. It is designed for reliable performance in demanding environments and various lighting applications.

Product Overview

High Voltage IP68 LED Strip Light

This high-voltage LED strip light is engineered for durability and consistent performance in demanding environments. With an IP68 rating, it provides superior protection against water and dust, making it an ideal choice for challenging lighting applications. Designed for reliability, this strip light offers a robust solution for both indoor and outdoor installations requiring long-lasting, waterproof illumination.

Technical Specifications

Light Color

Red

Ingress Protection

IP68

LED Type

3528 SMD

Length

5 M

Voltage Class

High Voltage
