

Hinged Pipe Clamps

These heavy-duty, yellow clamps are designed for securing pipes or tubes. Featuring a hinged design, the clamps allow for easy installation and removal in pipeline construction, maintenance, and repair applications.

Product Overview

Industrial Hinged Pipe Clamps

These heavy-duty hinged pipe clamps are designed specifically for concrete pump applications, ensuring secure connections in demanding industrial environments. Available in a wide range of sizes from DN38 to DN150, they provide versatile solutions for pipeline construction, maintenance, and repair. The clamps are engineered using robust forging and casting processes to withstand high-pressure operations.

Technical Specifications

Available Types

- Lever
- Adjustable
- One Bolt
- Two Bolts
- With Base Plate
- Wedge (for back ends)

Size Range	DN38 to DN150
Manufacturing Process	Forging, Casting

Application

Primary Application

Concrete Pump Parts • Pipeline Construction • Industrial Maintenance
