

Hino Truck Turbocharger RHG8

This turbocharger is designed for Hino Truck RHG8 engines. It enhances engine performance by forcing more air into the combustion chamber, increasing horsepower and torque.

Product Overview

High-Performance Turbocharger for Hino Engines

This turbocharger is engineered specifically for Hino Profia 700 series trucks equipped with the E13CT engine. Designed to enhance overall engine efficiency, it forces additional air into the combustion chamber to deliver improved horsepower and torque output. Built for durability, this unit ensures reliable performance even under the demanding operational conditions typical of heavy-duty trucking applications.
