

HM413 Face Shield - Impact Resistant Polycarbonate Visor, Adjustable Headband

The HM413 Face Shield offers reliable protection for the face and eyes against splashes, impacts, and debris. Constructed with a clear, high-impact resistant polycarbonate visor, it provides excellent visibility and durability.

Product Overview

Reliable Face Protection

The HM413 Face Shield is designed to provide robust protection for the face and eyes against common workplace hazards such as splashes, impacts, and flying debris. Featuring a clear, high-impact resistant polycarbonate visor, it ensures both durability and excellent visibility for the wearer. The adjustable headband is engineered to provide a secure and comfortable fit across a wide range of head sizes.
