Product Overview

Professional Tactical Performance

This holographic weapon sight is engineered to meet rigorous MIL-STD-810F standards, ensuring superior reliability in demanding field conditions. Designed for rapid target acquisition, it offers a parallax-free 1X magnification and high-quality optical glass. With features like automatic power-off and extended battery life, it provides professional-grade precision for tactical and sporting applications.

Optical Specifications

Magnification	1 X
Field of View	14 degrees
Eye Relief	100 mm

Tactical Features

Compliance Standard

MIL-STD-810F

Waterproof Rating	IP65
