

Home Espresso Maker with Steam Wand

This espresso maker is designed for home use and features a stainless steel and black finish. It includes a pressure gauge, steam wand, removable drip tray, and multiple brewing options.

Overview

Professional Home Espresso Experience

This home espresso maker combines sleek design with functional versatility, featuring a durable stainless steel and black finish. Designed for the home barista, it includes precise controls like a pressure gauge for monitoring extraction and a dedicated steam wand for perfect milk frothing. With a removable drip tray and convenient top warming plate, this machine is built for both high-quality coffee production and easy maintenance.
