

Honda Mobilio LED DRL Turn Signal Light Set (2014-2016)

This LED assembly serves as both a daytime running light and a turn signal indicator for the Honda Mobilio (2014-2016). The white DRL switches to yellow when the turn signal is activated, improving safety.

Product Overview

Enhanced Visibility and Style

Upgrade your vehicle's front lighting with this high-intensity LED Daytime Running Light (DRL) and turn signal assembly. Designed specifically for the 2014-2016 Honda Mobilio, these lamps provide a dual-color output, featuring a crisp white DRL that automatically switches to a vibrant yellow when the turn signal is activated. Built with durable, UV-protected polycarbonate lenses and high-impact ABS material, these lights are engineered to withstand rigorous weather conditions while offering a sleek, factory-installed appearance.
