

Horizontal Flow Wrapper Packaging Machine

This horizontal flow wrapper is designed for efficient and versatile packaging applications. It features stainless steel construction, PLC control, and a user-friendly touchscreen interface.

Overview

Efficient Horizontal Packaging Solution

This horizontal flow wrapper is designed to deliver reliable and versatile packaging performance across various industries. Built with durable stainless steel, it features a comprehensive setup including an adjustable infeed conveyor, precision sealing jaws, and a user-friendly touchscreen interface. It is an ideal solution for packaging food items, hardware components, and medical supplies with consistent quality.

Technical Specifications

Construction Material	Stainless Steel
Control System	Programmable Logic Controller (PLC)
Interface	Touchscreen

Components

Key Components

- Adjustable Infeed Conveyor
- Film Reel Holder
- Forming Box
- Sealing Jaws
- Discharge Conveyor

Applications

Suitable Industries	Food Industry, Hardware, Medical Supplies
