Overview

Professional Residential Axial Cam Pump

This horizontal shift axial cam pump is engineered for residential pressure washing applications, offering high efficiency and a compact design. Built with robust materials for long-lasting durability, it provides consistent performance in demanding cleaning tasks. The series is available in two distinct configurations to match your specific power requirements and pressure needs.

Performance Data

Technical Specifications Table

Model	Max Pressure	Rated Pressure	Rated Flow	Required HP
GQX-31B	130 bar (1900 psi)	90 bar (1300 psi)	6 L/min (1.6 GPM)	2.6 HP
GQX-31E	150 bar (2200 psi)	110 bar (1600 psi)	6 L/min (1.6 GPM)	4.0 HP

Construction

Pump Head Material	Aluminum
--------------------	----------

Applications

Ideal Use Cases	Pressure Washers, Residential Cleaning, High-Pressure Equipment
