

Hospital Grade Power Cord

This power cord is suitable for hospital-grade electrical appliances. It is UL/CUL approved.

Product Overview

Hospital-Grade Reliability

This hospital-grade AC power cord is engineered to meet rigorous safety and durability standards required for medical environments. Designed for professional use, it ensures a secure, reliable connection for sensitive electronic equipment. With UL and CUL certifications, this cord offers the assurance of safety and compliance needed for clinical and high-demand settings.

Technical Specifications

Electrical Performance

125 V Rated Voltage	15 A Maximum Current
-------------------------------	--------------------------------

Design Details

- Model No: XR-304
- NEMA 5-15P plug type
- Hospital grade configuration
- Custom color options available

Regulatory Standards

UL817, CSA C22.2, UL Listed, CUL Listed
