

Hospital Grade Power Cord

This power cord is suitable for hospital-grade electrical appliances. It is compliant with UL/CUL standards.

Product Overview

Hospital-Grade Reliability

This hospital-grade power cord is engineered to meet the rigorous safety and performance standards required in medical environments. Built to comply with UL817 and CSA C22.2 protocols, it ensures reliable electrical connectivity for critical equipment. The cord features a durable molded plug design suitable for high-traffic healthcare settings.

Technical Specifications

Performance Metrics

125 V

Rated Voltage

15 A

Max Rated Current

Model Number	XR-304A
Plug Type	NEMA 5-15P Hospital Grade

Compliance and Standards

Certifications	UL, CUL, UL817, CSA C22.2
