

Household Air Purifier

This compact air purifier is designed for household use. It improves indoor air quality by removing dust, pollen, and other allergens.

Product Overview

Compact Household Air Quality Solution

This household air purifier is designed to effectively improve indoor air quality by capturing common airborne particles such as dust, pollen, and allergens. Its compact, modern design features a teardrop-shaped intake panel, making it a subtle addition to any room. Ideal for residential use, it helps create a cleaner and more comfortable breathing environment.
