

Household Dishwasher with Disinfection

This front-loading appliance washes and disinfects dishware. It features a multi-functional control panel with a digital display and two pull-out drawers.

Product Overview

Advanced Household Sanitation

This front-loading dishwasher is engineered specifically for household environments, combining efficient cleaning with advanced disinfection capabilities. It features an intuitive digital control panel that allows for precise monitoring of cycle status, temperature, and duration. Designed with two convenient pull-out drawers, it offers a practical and sanitary solution for maintaining kitchen hygiene.
