

Household Electric Fan with Adjustable Speed

This electric fan is designed for air circulation and ventilation in household environments. It features adjustable speed settings and a stable base for secure placement.

Product Overview

Efficient Air Circulation

This household electric fan is designed to provide reliable air circulation and cooling for indoor spaces. Featuring a multi-blade design enclosed within a protective safety grill, it ensures both effective airflow and user safety. With adjustable speed settings and a stable base, it offers a versatile and secure solution for maintaining comfortable temperatures in your home or office.
