

Household Electric Iron with Adjustable Steam

This household electric iron is designed to remove wrinkles from fabric using heat and pressure. It features a temperature control, water reservoir for steam, and a non-stick soleplate.

Overview

Efficient Household Ironing

This household electric iron is designed for efficient wrinkle removal on a variety of fabrics. It features adjustable steam settings, including vertical steam and a powerful burst function, to handle even the most stubborn creases. With a compact design and non-stick soleplate options, it provides a smooth, reliable ironing experience for daily household use.
