

Household Electric Iron with Adjustable Temperature

This electric iron is a household appliance designed for ironing clothes. It features adjustable temperature settings, a steam function, and a non-stick soleplate for smooth gliding.

Overview

Versatile Household Ironing Solution

The TY2003A is an ergonomic household iron designed to deliver professional results with ease. Featuring a non-stick soleplate and precise temperature control, this appliance ensures smooth gliding and effective wrinkle removal across a variety of fabrics. With integrated steam functionality and safety features like automatic shut-off, it provides both convenience and peace of mind for daily garment care.
