Product Overview

Efficient Household Ironing Solution

This household electric iron is engineered for efficient and effective wrinkle removal, featuring a powerful 1600W heating element. Designed with user convenience in mind, it includes a precision temperature control dial suitable for various fabric types and a non-stick soleplate for smooth gliding. Safety is prioritized through integrated features like automatic shut-off and a stable heel rest, making it a reliable choice for daily garment care.

Technical Specifications

Power Consumption

1600 W
Power Rating

Key Features

Steam Function, Non-stick Soleplate, Temperature Control, Automatic Shut-off, Swivel Cord

Design & Usability

Design Highlights

- Ergonomic handle for comfortable use
- Stable heel rest for secure storage
- Lightweight construction
- Compact, foldable design available (select models)

Safety Features

Auto Shut-off • Stable Heel Rest
